Les Bijoux Collection

Introducing *Les Bijoux*, an exquisite new resort and cruise collection that captures the brilliance of nature's most precious stones. ABOUT

THE DESIGNER

“Modern Manbo is dedicated to all the women who resonate with the spirit of the Manbo”

Conceived by Haitian American singer-songwriter and actress, **Malou Beauvoir**, **Modern Manbo** artfully weaves the sacred symbols of Vodou into luxurious kaftans, coats, and silk scarves in its signature ***Spiritwalker Collection***. Named after the revered ‘Manbo’, or priestess, in Haitian Vodou, the label is a profound homage to female empowerment and leadership.

Honoring the artistry of nature and the radiance within us all, ***Les Bijoux Collecion*** invites you to experience a collection as luminous and timeless as the gems that inspired it.

Malou's creations are born from the rich cultural tapestry of her global journeys. The elegant and vibrant designs are a testament to her love of, texture, color, and the ethereal grace and comfort of garments like the African boubou and the tunics of India and Pakistan.

Each piece in the Modern Manbo collection embodies a narrative of tradition and innovation, celebrating the timeless essence of femininity and the universal strength of women.

Modern Manbo Brings Vodou to the Runway in 2024 Collection

Sacred Symbols Meet Luxury in Modern Manbo's New Line

NEW YORK, NY, UNITED STATES, September 4, 2024 | EINPresswire.com/ - Modern Manbo, a fashion label conceived by Haitian-American singer-songwriter and actress Malou Beauvoir, proudly announces the launch of its 2024 collection. This line of luxurious kaftans, coats, and silk scarves draws deeply from the sacred symbols of Haitian Vodou, celebrating female empowerment and leadership. The collection stands as a testament to the fusion of tradition and modernity, with each piece telling a story of strength, resilience, and timeless elegance.

The name Modern Manbo is a direct reference to the Manbo, the revered priestess in Haitian Vodou, often referred to as the "Mother of Magic." The Manbo is a spiritual leader, healer, and guide within her community, embodying wisdom, compassion, and an indomitable spirit. Beauvoir, inspired by the powerful women in her life and the rich heritage of her Haitian roots, has translated these qualities into the essence of her fashion line.
